School Board Candidates

Richard J. Zavodsky, PHD 4-Year Term

As in all endeavors, much is accomplished and much is left to be done in the Huron School district. It is important to note that the following was accomplished with the School Board acting as a team. The Board of Education accomplished paying off the excess debt that has been plaguing the district for years without asking the taxpayers for a millage or bond issue. We have also raised academic standards for sports participation and in the class room. Block scheduling has been implemented along with the appropriate and affordable learning technology. A new administrative team is in place which appears to be moving the teachers, students, and parents in a positive direction. We have added K-6 art and music. There have also been several physical plant improvements while we have been paying off the debt.

I am asking to be re-elected so that we can continue this progress by continuing to provide for the raising of the academic standard. I would like to inaugurate a "school to work" program for our students. Block scheduling must be implemented in the high school. Emphasis must be placed on the math curriculum this fall along with better reading and comprehension skills. There are several more physical plan improvements that are needed and this places more emphasis on being responsible with tax payer dollars. These plans are formidable and can be accomplished with your vote in the upcoming elections.

Editor's Note: The Huron River Weekly, as a public service, provided each board candidate an opportunity to express their views. We allowed them to present their views in any format they desired. Candidate Larry Moorehead did not respond.

Calvin W. Schalk, Sr. 4-Year Term

- Age 45
- 1970 Graduate of Allen Park High School
- 1975 Industrial Administration General Motors Institute
- Member of St. John's Lutheran Church, Waltz
- Employed at Williams International - 21 years
- Huron Township resident - 22 years
- Wife Diana, three children

I believe Huron School District can move forward both in academics and facilities. Having helped the district improve its financial condition; now being debt free, we can focus on much needed curriculum improvement and facility needs. We have seen improvement in academic success but must strive to become one of the best.

Jane Long 3-Year Term

Jane Long, a Huron Township resident since 1989. She is married and has three children in the school system. Currently employed at Henry Ford Wyandotte Hospital. Jane is a board certified mother baby nurse and lactation consultant. A position that puts her in the role of educator.

She states that this school district has a tremendous amount of untapped talent and would like to work toward developing the students and staff to their maximum potential. This would mean community input and involvement.

The growth in the community is a concern but an asset. For it will generate a demand of higher expectations and goals not only of the school system, but the students.

Jane says that she wants to be a part of such a positive and winning system.

Congratulations, Jarrod Barron!

The Huron River Weekly wishes to congratulate Jarrod A. Barron on becoming a member of the State Bar of Michigan.

The formal induction hearing, a session of the Wayne County Circuit Court, was held in the auditorium at the Wayne County Building on May 27, 1998, at 1 p.m.

The Honorable Michael F. Sapala was the presiding judge. There were members of the Wayne County Circuit Court and Probate Court and members of the State of Michigan Court of Appeals attending the event in honor of the inductees. The oath was administered by Chief Judge Sapala.

Barron graduated with honors from the University

of Michigan with a Bachelor of Arts degree in 1994. He graduated from Boston University in 1997 with dual degrees, a Masters in Business Administration and a Juris Doctorate. Jarrod was one of four valedictorians of the Huron Class of '91. This was a special class. Four 4.0's are rare

The other three were Steve Caulk, Carrie Madej, and Lindsey Wendell.

If anyone has information as to the accomplishments of the other three, please let us know.

Limits Of New Home Building Discussed

At the May 27th township board meeting Trustee McKinney continued to discuss the idea of limiting the number of permits issued in any given year.

Trustee McKinney suggested there would be 1,400 new home starts if all began development as approved. He felt that inspection and follow up was a problem and that "health, safety and welfare could be used as the basis for limiting the amount of permits issued per year. He cited examples of traffic congestion, strain on utilities such as sewer and water and fire and police protection.

He recommended a limit of 100 permits for new home construction with a 50-50 split between new homes built by developers and new homes built by the property owner. He did not feel adding people to

the building department was the solution to his perceived growth problem.

He added that it was not his intention to stop a homeowner from improving his property but rather to limit the number of new homes.

Clerk Bowers expressed her concern over some of the language in several of the concepts outlined in Trustee McKinney's written material. She also spoke of solving the development situation at the beginning of the process not at the end of the process. To this Trustee McKinney agreed that he was working "at the end of the pipeline" but felt that the community was in an emergency situation.

Trustee Adkins expressed concern about developments that have already been approved but had not

been issued the permits yet. She also expressed problems with several parts of the written material.

However, the board seemed to agree that Trustee McKinney should continue to refine his proposal and

the areas that were sprayed and he also provided the board with a list of property owners that had refunds coming. The Huron River Weekly was provided a copy of the map and it is on page 2. Because of the small size of the map we have

noted on the margins, some of the street locations.

He concluded his remarks by stating that the board should give serious consideration to beginning the 1999 spraying program in the fall of 1998.

4.a Trustee McKinney reviewed the proposed policy on limiting the issuance of building permits on residential building in the Township which was discussed at the last Board meeting. Trustee McKinney suggested permits be limited to approximately 100 per year and be divided between new residential construction, home repairs and commercial building. Trustee McKinney also feels the Economic Development Department and the Building Department should be separated.

Clerk Bowers questioned the legality of limiting permits to make homeowner repairs such as roof repairs.

Twp. Attorney Dick James stated the Township could not legally stop someone from doing home repairs.

The Board was in agreement that many of the concepts of the proposal are good but the proposal does need revisions.

Approximately 1,950 acres were sprayed in the Township. Mr. Angel presented the Board with maps indicating the spray

Clerk Bowers asked if any areas that qualified were not sprayed. Mr. Angel indicated two residents were sprayed but not heavily and are on the list to be refunded. Supervisor Glaab thanked Mr. Angel for a job well done and the follow through that he has done with the residents.

9.d David Jackson, Pond View Dr. resident - Notified the Board the final grade at Winding Creek has not been completed. The developer deposited \$10,000.00 with the Township to assure the work would be completed by June 1, 1998. Mr. Jackson suggested a higher bond be required or the developer not be issued any more building permits until such time as the grading is completed.

9.e Peter Glaab, Hannan Road resident - Addressed the Board on allegations he has heard regarding the property on Huron River Dr. which the Township was trying to purchase. Mr. Glaab advised he had no interest in the property nor did he have any information on the transaction.

9.f Don Thompson, Chairperson of the Township Cable Commission. Mr. Thompson quoted a segment of the May 20th Huron River Weekly's letter to the editor from Rebecca Alfano which stated there were no volunteers to run the cable equipment for the May 13th meeting and that the Township is required to provide the meetings on cable.

Mr. Thompson advised he is the only person knowledgeable at this time to completely set up and trouble shoot equipment and the tapings. There are volunteers who are in training at this time but are not completely qualified if a problem would arise. Mr. Thompson stated the Township is not refusing to use the equipment nor the monies paid through the franchise fees. Mr. Thompson noted franchise fees have been used to purchase cable equipment and when ever possible Township meetings, Airport Noise meetings, events at the Applefest, etc. will be taped for cable. The request could not be filled the same day it was applied for due to the Clerks from surrounding communities verifying petitions and the files were not accessible at that time. The law does state a FOIA Official has five working days to fill a request. 2) The new QVF equipment has been received from the State of Michigan and so has the new OPTECH Eagle voting equipment.

14. Jim Mason, Trustee - Nothing new to report.

Nora Adkins, Trustee - Trustee Adkins asked Supervisor Glaab to investigate the clearing of property along I275 for the reconstruction job. Trustee Adkins asked why a different parcel of property had to be stripped of trees this year by the State when a parcel had been cleared last year.

Girl Scout Troop 1041

Huron Township's Girl Scout Troop 1041 has five girls who are being recognized this month for having completed the Silver Award in 1997. They are the first in Huron Township Girl Scout history to receive this award. The award requires they earn three Interest badges, the Dreams to Reality badge and the Leadership pin. When they finish these prerequisites they

then work on a Silver Service Project which must equal to at least 20 hours of planning and ten hours of the actual service project. One of the girls wrote a few children's books and donated them to a local hospital's children's ward as she spent the day with the children reading her stories. Another girl organized a picnic for mentally handicapped adults. Two of the girls organized a badge workshop to help Junior Girl Scouts earn their Dance badge. Another two girls held an Outdoor Skills Day at Lower Huron Metro Park for younger Girl Scouts.

The troop is now working towards the Gold Award, which is equal to the Boy Scout's Eagle Award. With the Gold Award, they are eligible for college scholarships. As with the Silver Award. The girls are freshmen and juniors at Huron High School.

Congratulations scouts of Troop 1041!

Murdock

Character/Strip Outline

Murdock's Feed and Pets

Concept presentation for a daily strip for the Adolescent-Adult age audience. Setting is located in a "Mom and Pop" type corner Pet store, the story lines rotate around the personalities that reside within. If you are looking for Aardvark Shampoo or Zebra Chow, Murdock's is the place to go. It parodies work place environment, relationships, and dealing with the general public. (Which, by the way, are humans) Welcome to Murdock's Feed & Pets. For you, open 24 hrs.

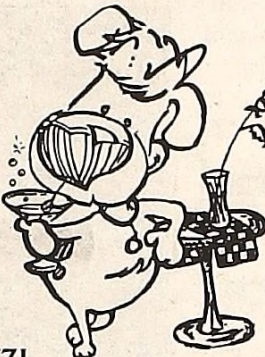

MITZI

A purebred CFA Munchkin (means no discernible legs) is a great confidant and antagonist to Murdock. She is as spastic as he is dramatic. Make a great pair.

DOMESTIC AND EXOTIC SUPPORTING CAST

Some rotate, some reappear. They all help make the shop go round. Keep your eyes on those Ferrets, they tell tales.

MURDOCK

an almost purebred Jack Russell Terrier (Don't ask - he's kinda sensitive) He has a flair for the dramatic and let's just say he has issues with his inner puppy. Most story lines work around everyday situations between Murdock and his best friend (and assistant manager), Mitzi.

In Loving Memory

Richard G. Nieman

Richard G. Nieman, age 70, of Romulus, Michigan, died Saturday, May 23, 1998. He was the beloved husband of Mildred M. (Ramsay) Nieman, his wife of over 50 years.

Dear father of Patricia A. Nieman and her husband, David H. Fredendall of Westland, Michigan; Guy R. (Tammy) Nieman of Belleville, Michigan; Mark S. Nieman of Romulus; and Mary (John) Kearns of Lake City, Michigan.

Born August 24, 1927 in Redford, Michigan, he was the dear son of the late George T. and Viola H. (Cebulsky)

Nieman.

He was brother of William (Ethel) Nieman of Prudenville, Michigan.

He had five grandchildren.

Mr. Nieman was preceded in death by his parents and one brother, Donald Nieman.

Mr. Nieman lived most of his childhood in Detroit. In the spring of 1952, the family moved to Romulus. Mr. Nieman was known by many different names, Dick, Richard, George, but best known, affectionately by family and close friends as Dear. He had a tough exterior demeanor that demanded respect, but we all know the softer side. Dear was the man who loved puppies, kittens and

little children.

He and his wife, Mildred owned and operated Victory Cab #221 at Metro Airport, until his retirement in the spring of 1993. Previous to that Mr. Nieman was employed by Cadillac Motors, Nowalk, Fiester Oil and a motor route driver for the Detroit News.

Funeral services were held Wednesday, May 27, 1998, at 11 a.m. at David C. Brown Funeral Home, with Rev. Russell McMaster officiating. Interment Michigan Memorial Park, FLatRock. Memorial contributions wishes of the Nieman family would be appreciated.

Arrangements were made by the David C. Brown Funeral Home, in Belleville.
